June 12th 2026 Issue 2/7 Summer Term Two

It was lovely to welcome our New Reception parents into school on Wednesday evening with lots of familiar faces who already have children in school. Huge thanks to the staff team and to our fantastic chef who had nibbles prepared!

We're looking forward to our New Nursery evening next week.

Please check out this week's top 10 Top Tips which have a focus on building school ready language skills.

## Bikes and Scooters

It's been lovely to see so many bikes and scooters in school.

Please remember to dismount any bikes or scooters at the **main gate** near the car park and **walk them on to the school** site. I have been approached by parents, grandparents and staff who have encountered near misses on the paths in the school site. Please pass on the message to any other adults with drop off/collection duties and to older siblings. Huge well done and thanks to everyone who does walk their wheels sensibly on to site – you're doing a great job!

Thanks

Mrs Lamb

A message from The Children's Commissioner for England, Dame Rachel de Souza:

"For the first time, hundreds of thousands of children will be eligible to vote in the next general election at age 16, the biggest change to the franchise in half a century – yet just one in five children say politicians listen to them.

That's why I'm doing my final survey, *The Big Future*, to talk to a million children, to listen to them. And to find out about what it's like to be a child today.

I am asking children about the changes they want to see in their communities, their biggest concerns, and their hopes for the future. More than anything, I want to know what they think a good childhood should look like, now and in the future."

Children, or adults on their behalf can fill in the survey here:

<http://www.childrenscommissioner.gov.uk/thebigfuture>.

Congratulations to James, Rory, Joey, Toby, Josh, Max and Elliot from Year 1 who were awarded with trophies at the weekend for their fantastic football skills at Red House Farm FC. We can't wait to see how they develop playing in the U7 league in September!

Robinwood has been booked for our **current Year 3** children from **10th to 12th March 2027**. Keep an eye out on Parent Pay for more information regarding costs and payment plans.

We know your time is valuable, so we have arranged a short information session from **1:30–2:00pm on Monday 22nd June**. This will take place in the Wraparound Hall just before KS2 Sports Day, allowing you easy access to the field for the afternoon's events.

Thanks

Mr Hindess

This week in OPAL we have been getting creative with our small world toys and building amazing constructions with our den building equipment. It has been lovely to see all of your imaginative ideas. Our OPAL cadets have chosen **Miss Bell's class** to win the Golden Welly, because they build such amazing constructions, and always help to tidy well too. Well done year 4's!

Ms Gasper

Next Thursday is Clean Air Day. In school we continue to educate our children about caring for the environment and our own health, and learning about pollution in our area plays a part in this. You may have noticed that weather forecasters now often include pollution levels in their broadcasts as no level of pollution is considered safe. When it reaches moderate levels, people with existing heart and lung conditions need to be careful with exercise outdoors and when it gets to a higher level, the general population may notice a sore throat, itchy eyes and asthma sufferers will need to use their inhalers more often. Reducing the number of cars on the road is one of the best ways we can contribute to reducing air pollution. 25% of journeys in the UK are under 2 miles and most of us live within 1 mile of school so we can definitely make an impact if we all attempt to make more journeys by active travel (walking, biking, scooting).

Mrs Wells

# 10 Top Tips for Parents and Educators

## BUILDING SCHOOL-READY LANGUAGE SKILLS

Oral language is fundamental to children's learning, literacy, and social and emotional development, with long-term impacts. As language develops rapidly between the ages of three and six, early, evidence-based support is essential. This guide offers practical ways to help the children in your care become confident communicators, including through proven approaches such as the DfE-funded NELI programmes available to settings in England.

### 1 BUILD ORAL LANGUAGE

Support children to use language, not just hear it. Give them the time to talk, respond, ask questions, and share their ideas. Everyday conversations, shared activities, and reading together help children practise both speaking and listening. At nursery or school, programmes such as NELI can help build their vocabulary, storytelling, attention, and listening skills, helping children grow in confidence as communicators.

### 2 SUPPORT LISTENING SKILLS

Help children to listen and follow simple instructions during everyday routines. Break instructions down into short, manageable steps and check their understanding. For example, say, "Please put your coat on," rather than giving them several instructions at once. Strong listening skills support learning, attention, and participation at school.

### 3 GROW THEIR VOCABULARY

Talk with children about the world around them, naming objects, actions, and feelings. Use a wide range of words during everyday activities such as shopping, cooking, and playing. Repeating and explaining new words help children understand and use vocabulary more confidently, supporting their comprehension and communication.

### 4 SHARE STORIES TOGETHER

Read storybooks together regularly and talk about characters, events, and illustrations. Ask simple questions such as "What's happening here?" and validate children's responses with positive feedback. Acting out stories together, asking open questions, and giving children the chance to be the storyteller can all support their narrative skills and confidence.

### 5 NAME DIFFERENT FEELINGS

Help children learn to express themselves by talking about different feelings and naming them clearly, such as happy, sad, or angry. Visuals and role play can support their understanding of this. Being able to express their feelings verbally helps children build positive relationships with adults and peers, reduces frustration, and supports their social development as they prepare for school.

### 6 WORK WITH SETTINGS

Strong communication between home and the nursery, school, or early years setting can help children feel more confident and supported. Parents can visit the setting with their child before they start, helping them become familiar with the environment and key adults. Educators can share relevant information with families and colleagues, so each child's needs are understood. Newsletters can also help families continue language learning at home.

### 7 SPOT LANGUAGE NEEDS

Children develop their language and communication skills at different rates, so early conversations between home and settings are important. If parents have concerns, they should speak to their child's nursery, school, or early years setting. Educators can use tools such as LanguageScreen, included in the NELI programmes, to build a profile of a child's speaking and listening skills and help identify suitable support.

### 8 EVIDENCE-BASED SUPPORT

Prioritise language and literacy approaches that are underpinned by robust research evidence. Evidence-based programmes help ensure children receive support that is more likely to make a meaningful difference. The Education Endowment Foundation (EEF) provides guidance on the strength of evidence behind different strategies, supporting informed decision-making and effective use of school time and resources.

### 9 MEET INDIVIDUAL NEEDS

Settings can use evidence-based assessment tools to understand children's language skills and identify where support may be needed. These tools support SEND reforms, and strengthen whole-setting language development, helping children receive support that reflects their individual communication needs.

### 10 TAKE PART IN RESEARCH

Research trials can give schools, early years settings, and families a valuable opportunity to contribute to evidence construction and future policy. Parents may be asked to give consent, share feedback, or support activities at home, while educators help deliver and monitor approaches in practice. The EEF often has trials that settings can join, including whole-class oral language programmes designed to support children's communication development.

### Meet Our Expert

OxEd is a University of Oxford spinout company specialising in early language and literacy assessment and intervention. They are the delivery team for the Nuffield Early Language Intervention (NELI) programme in reception, funded by the Department for Education for schools in England, and for NELI Preschool, which supports nurseries to strengthen children's early language development through evidence-based practice.
